REPORT OF MARES BRED

NORTH AMERICAN MARES BRED IN 2022 DOWN 2.4%

The Jockey Club reports 27,163 mares bred and 925 active stallions as of Oct. 18, 2022

The Jockey Club released Oct. 25 the report of mares bred statistics for the 2022 breeding season, which showed a continuation of the overall decline in mares bred and active stallions.

Based on RMBs received through Oct. 18, The Jockey Club reports that 925 stallions covered 27,163 mares in North America during 2022. The reported number of mares bred is down 2.4% compared with the mares reported as of this time a year ago. The number of stallions is down 9%.

The Jockey Club estimates an additional 2,500-3,500 mares will be reported as bred during the 2022 breeding season, which is not expected to significantly impact the percentage, as a similar number would have been reported in the final months of 2021.

RMB statistics for all reported stallions in 2022 are available through the

Fact Book section of The Jockey Club's website at jockeyclub.com.

Three Chimneys Farm's leading sire Gun Runner attracted the largest book this year at 248 mares. His popularity is not surprising since he set a progeny earnings record as the leading freshman sire of 2021 and became the leading second-crop sire of 2022 with another progeny earnings record more than two times the progeny earnings (nearly \$14.7 million) of second-ranked Arrogate.

For the breeding year, 16 stallions bred books of 200 or more mares. They included Yaupon (242), Mendelssohn (230), Practical Joke (227), Not This Time (225), Charlatan (222), Rock Your World (219), Mo Town (218), Tiz the Law (218), Omaha Beach (205), Authentic (202), Independence Hall (202), Into Mischief (202), Mitole (202), Munnings (201), and Maclean's Music (200).

Yaupon, Charlatan, Rock Your World, and Independence Hall all covered their first books of mares this year. The top 10 stallions of this sire class by mares bred also include Tacitus (188), Silver State (171), Known Agenda (166), Maxfield (163), Beau Liam (162), and Essential Quality (162).

The sire with the most appreciable growth in mares bred is Legacy Ranch's second-crop sire Straight Fire, a grade 1-placed son of Dominus who was represented by a single foal in 2022 from one mare bred. During this year's breeding season, the California sire attracted a book of 61 mares.

Kentucky continues to lead North America in Thoroughbred breeding activity. During 2022, Kentucky's 196 reported stallions covered 16,689 mares, or 61.4% of all of the mares reported bred in the U.S., Canada, and Puerto Rico. The number of mares bred to Kentucky stallions decreased 0.2% from the 16,727 mares bred reported at this time last year.

Of the top 10 states and provinces by number of mares reported bred in 2022, stallions in New York covered more mares in 2022 than in 2021, as reported at this time last year. [BH](#)
